Back-Office Operations & MIS Processing	High-Volume Data Entry (80+ WPM), MIS Reporting & Documentation, OCR Document Digitization, Automated Data Validation, Database Normalization, MS Office Suite, Google Workspace, POS & Enterprise Billing Systems
Workflow Automation & Web Technologies	Report Automation Templates, HTML5, CSS3, JavaScript (Foundational UI & Web Data Extraction), AI-Assisted Research, Prompt Engineering & Process Optimization (ChatGPT, Claude)
Enterprise Governance & Quality Assurance	Service Level Agreement (SLA) Adherence, Quality Audit & Root-Cause Troubleshooting, Confidential Data Handling (GDPR & Data Privacy Compliance Awareness), Cross-Functional Stakeholder Reporting

WORK EXPERIENCE

Restaurant Cashier & Front Desk, Hotel Nilachal Mayapur Hospitality Pvt. Ltd. **Apr 2025**

I managed front-desk cash operations and POS transactions, maintained daily financial records, delivered excellent customer service, and coordinated with staff to ensure a seamless guest experience in a busy hospitality environment.

DATA ANALYSIS & BACK-OFFICE PORTFOLIO PROJECTS

Enterprise Sales & Regional KPI Dashboard **Microsoft Power BI, Power Query & DAX**

- Engineered a multi-page interactive MIS analytics dashboard tracking 38M+ simulated revenue metrics across product categories and regional branches.
- Designed custom star schemas, executed ETL data cleaning via Power Query transformations, and deployed dynamic filter slicers for executive KPI tracking.

High-Volume Document Digitization & Quality Audit **OCR Tools, Advanced MS Excel & Data Modeling**

- Processed and digitized large volumes of unstructured back-office document logs into normalized database formats, achieving a 99.4% quality accuracy rate under strict turnaround deadlines.
- Implemented automated Excel validation rules and error-checking scripts to eliminate duplicate records and preserve end-to-end data integrity.

Web Data Extraction & Reporting Interface Automation **JavaScript, HTML5/CSS3 & Google Sheets**

- Built structured front-end data capture templates and automated daily MIS reporting workflows, reducing manual report generation time by 30%.

EDUCATION, CERTIFICATIONS & OPERATIONAL READINESS

Bachelor of Arts (B.A.) in History — Nabadwip Vidyasagar College, University of Kalyani **Jan 2020 – May 2023**

West Bengal, India | Honors: Cum Laude, Academic Research Thesis

Diploma in Office Management (DOM) — Rashtriya Sarva Shiksha Abhiyan (RSSA) **Apr 2018 – Mar 2019**

Core Focus: Corporate Administration, Back-Office Documentation & Information Technology

Languages: Bengali (Native / Fluent) | English (Professional Working Proficiency) | Hindi (Professional Working Proficiency)

Work Environment Readiness: High adaptability to 24/7/365 corporate & BPO/KPO rotational shifts, analytical root-cause problem-solving, and strict accuracy under SLA timelines.
